

What Students Are Saying...

“...I have gotten a lot more out of the classes than in regular classes. I feel like I have much more intelligent conversations in class because everyone else has more interesting comments than in other classes ...”

“In spite of the difficult course load, the curriculum in my junior year was much more interesting and has made me much more aware of global issues.”

“I have been much more engaged in my IB classes...”

“I think that IB classes prepare the student much better for college than other classes.”

“... I feel much more prepared for college and I can handle stress and work much easier. I also think I can express my ideas more clearly in a paper or in a class.”

“I am a lot more well rounded and I can manage my work a lot better than the average student. I feel adequately prepared for college.”

“It makes me feel like I have accomplished something important. I have acquired a new sense of pride and achievement.”

“It makes me feel like I am part of a highly respected and exclusive group of people. Like I have a leg up on the other applicants and the people reading my application will know that I have worked hard.”
